

'Understanding Cane Payment' Workshops

MSF Sugar is holding a series of 'Understanding Cane Payment' Workshops for MSF Sugar growers and family members

Would you like to better understand:

- how cane payment is calculated for your farm?
- how relative CCS works and why it's used?
- the cane payment formula?
- how pool prices and sugar marketing choices impact on cane payment?
- how the advances program works?

Cane pay documents have much more information than they used to. These workshops will help you understand these important documents.

Each workshop will be followed by an optional session with MSF Sugar personnel who are available to work with you one-on-one to walk through the cane pay documents for your farm.

Bookings are essential as numbers are limited.
