

Agronomist – South Johnstone

MSF Sugar Pty Ltd is an integrated grower, processor, marketer and exporter of raw sugar. We are Australia's largest sugarcane farmer, second largest raw sugar exporter and third largest miller. MSF Sugar has a 124 year heritage in Australia and a future which centres on being an efficient, reliable, high quality supplier of sugar to international markets.

Innovative multi-million dollar investments in; green power plants, bio-refineries, new crops, novel farming systems and agricultural infrastructure! Together with our grower partners, MSF Sugar Pty Ltd is forging ahead with a re-imagining of the South Johnstone Sugar Industry.

We are seeking an Agronomist to work with our growers to enhance profit, resilience and sustainability through:

- improving sugarcane yields by working to continuously improve agronomic management,
 - maintaining bio-security for sugarcane planting material,
 - delivering an innovative and ground breaking sustainable farming systems project,
 - creating agronomic packages to commercialise exciting new crops to complement sugarcane,
 - helping implement the company safety and environment strategy, and
 - being part of the company vision with the MSF Sugar Agronomy Team
-
- MSF Sugar Pty Ltd is part of the large international Mitr Phol Group so the Senior Agronomist will also be required to undertake occasional overseas agronomic work.

We are looking for a person who:

- has tertiary qualifications in an agronomy related field and minimum 3 years experience working as an Agronomist
- has agricultural business, operational and management skills
- experience in rural retail management, large farm management or similar
- is professional and delivers high quality, technically correct agronomic outcomes,
- has a strong commitment to safety, is goal driven and works to a plan,
- is able to effectively relate and converse with farmers,
- embraces change in an agile workplace,
- is prepared to undertake work in South East Asia
